

PROPERTY OWNER CITED FOR DOW-AIKEN TAX

JOHN BOOSE IS TOLD TO PAY

\$1,200 Tax-Penalty Certified For Collection

STATE THREATS AIRED

Other Owners Facing Action In Liquor Cases

Collection of the Dow-Aiken liquor tax, a 40 percent penalty amounting to \$1,200, will be assessed by County Auditor C. R. Phillips, against property owned by John J. Boose, real estate and insurance agent in 711 S. Main St. The tax was certified to Allen county by Joseph T. Tracy, state auditor, for an alleged violation of the liquor laws committed by Dan Cramer, former tenant, recently arrested by a police officer. Boose and other property owners were warned concerning liquor violations occurring in their holdings at the January session of the grand jury. Police and county officers testified concerning a half dozen resorts in the city where occupants had been convicted for selling illicit liquor.

Cramer bought out Kalfitz and moved in, he said, without his knowledge. He declared that at the time the grand jury issued a warning, he required Kalfitz to post a \$1,000 bond. The bond is still good, he asserted Wednesday.

The property is vacant at present, he learned.

Dow-Aiken law provides for assessing a \$100 tax and 20 percent penalty against property where liquor is sold, and conviction obtained. Several cases are hanging in the limbo, which may terminate in property owners paying the tax. Auditor Phillips will turn the order over to Harry E. Borkins, county treasurer, with instructions to place the tax on the delinquent. This is the second occasion when the tax has been assessed in the county.

INFIRMARY HEAD APPOINTED

H. E. Gray Is Superintendent; Succeeds L. C. Sigler

H. E. Gray, farmer at the county infirmary, was appointed to succeed the late L. C. Sigler as superintendent of the institution by county commissioners in secret session Wednesday night. The appointment is dated Tuesday.

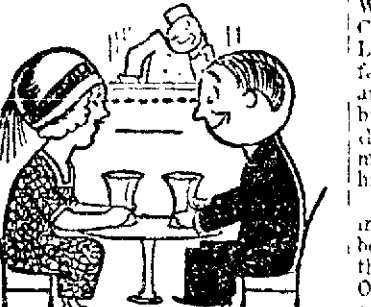

He will hold the job 30 days and draw \$100 remuneration for his services. At the expiration of that period the state civil service board will make a provisional appointment without examination for 90 days.

Word that a vacancy exists was sent to the state board Wednesday. Before the time limit is up the state board will require competitive examination in Lima to create a list of eligible candidates.

Funeral services for Sigler were held Wednesday at 2 p. m. at the residence with Rev. Garner officiating. Interment was made in Woodlawn cemetery. County commissioners' office and other county offices closed during the hours of the funeral.

WILLS FILED—(Special)—Philip Ramsey, guardian of Cecil Ramsey, filed in court with the hearing date set for Oct. 6. Will of Joseph M. Sellers has been filed for hearing on Sept. 9, and the will of Mary E. Crawford has been probated for record.

REUNION HELD—Forty-fifth annual reunion of the 57th regiment O. V. V. I. will be held in Memorial Hall Sept. 17 and 18.

KENTON MAN IS MURDERED

Onlooker At Dance Mixed In Fight And Is Stabbed

POSSE HUNTS FUGITIVE

Material Witness Held In Hardin-Jail

KENTON—(Special)—Sheriff George Berthen and a posse of deputies were scouring the outlying districts near Forker in search of Lloyd Whitaker, charged with the murder of Jacob Bailey, 24, near that place Tuesday night. A squabble was being held on a platform near Forker, eight miles west of this city, and Bailey was in the audience.

An argument started between several persons at the dance and Bailey mixed in it. During the fight he was stabbed. He died soon after.

Frank Watson is being held by the sheriff as a material witness in the case of the quarrelling party, it is said.

Funeral services for Bailey will be held Thursday afternoon at the Lynn Valley church. Burial will be in the Norman cemetery. Four brothers and three sisters survive.

The American Legion will assist in the services as Bailey was a World War veteran.

INTERSTATE PLAYERS AT LIONS MEETING PROVIDE PROGRAM; TO SEE SHOW

Members of the Lima Lions club, which met Wednesday night at Hotel Barr, were entertained by the company of Interstate Players appearing at a local theatre in "Polly Preferred."

Each member of the company, totalling 15 persons, gave a line or two of his part in the play. Leon Belg, a member of the Dayton Lions club and president of the Interstate Players, introduced the various players as they gave their parts.

One of the largest crowds that has ever attended a meeting of the club was present. A number of guests, including Prof. W. B. Bliss, assistant director of the state department of education, who lectured Wednesday afternoon at the Allen-Co Teachers' Institute, was also present.

The Lions club will hold a theatre party Wednesday night at the Grand Opera House, where a section of seats has been reserved for that purpose.

On Wednesday morning memorial services were held, the memorial sermon being preached by the Rev. Cyrus M. Van Pelt of Cincinnati. Annual meetings of the Preacher's Relief society and the Returned Ministers' association and the anniversary meeting of deaconess work will be held on Wednesday afternoon.

On Thursday the proposed merger of the West Ohio and Ohio Conferences, regarded by many as the most important business to come before the assembly, will be discussed. Bishop Theodore S. Henderson of the Cincinnati area, presiding bishop of the conference, and Bishop Frederick Thomas Keeney of Omaha will address the conference on Thursday.

The laymen's conference will be held on Friday. There will be addresses by Bishop Henderson, United States Senator Frank B. Willis, and others.

Saturday's program will be divided between missionary and temperance subjects. On Saturday afternoon the anniversary meetings of the Women's Foreign Missionary Society, and the Women's Home Missionary society will be held. The missionary address will be delivered by Bishop Brenton T. Badley of Bombay, India. The Ministers' Wives Association will hold their annual meeting late on Saturday afternoon.

On Saturday evening those attending the grand temperance rally will hear addresses by Mrs. Florence D. Richards, president of the Ohio State W. C. T. U., the Rev. T. M. Harris, superintendent of the Ohio Anti-Saloon League, and the Rev. Clarence True Wilson, secretary of the Board of Temperance, Prohibition and Moral Reform, Washington, D. C.

A conference love feast will be the feature of the program on Sunday, Sept. 7. The Rev. Benjamin F. Reading of Toledo will lead the services, and Bishop Henderson will deliver the principal address. On Sunday afternoon ordination services will be held, at which new preachers will be invested with the rank of clergyman. There will be a young people's rally in connection with this service, in which the Epworth League will play a prominent part.

Monday will be devoted to the final business sessions of the conference. The Rev. F. Watson Hannan will conduct special evangelistic services during the conference. A number of ministers will talk on the topic "My Own Supreme Experience in the Best of My Life."

Dr. A. E. Smith, president of Ohio Northern university, is acting as conference host. He is being assisted by Rev. W. L. Vorhis, pastor of the Ada Methodist church.

Through the courtesy of the Ada Kiwanis club, each visiting delegate is receiving a handsome souvenir program of the conference. The club also is aiding in handling entertainment and transportation for the delegates.

TEN BOY SCOUTS RETURN TUESDAY FROM JOURNEY

Party of ten Boy Scouts have returned to Lima from a sight-seeing trip made in automobiles, which covered southern Canada, and the states of New York and Pennsylvania. They arrived in the city early Tuesday morning.

The tour was given as a reward to boys who had attained the degree of Life, Star or Eagle Scout. The party left Lima August 26 and camped near Toronto the first night.

After covering southern Canada, the returned to New York City, and from there visited several states.

MAN HITS WIFE

Stepson Is Also Attacked With Heavy Iron Bar

BULLETIN

Underwood was captured by police shortly after 1:30 p. m.

Lima police are searching for Tom Underwood, following an alleged attack upon his wife, Alma Donelson Underwood, and her son, Roy Donelson, shortly after 1 p. m. Wednesday at the home at Jackson and Market-sts.

Underwood is said by his stepson to have threatened the life of his wife on several occasions and that reports to this effect have been made to police.

Wednesday the man is said to have attacked both with a heavy iron bar and but for the action of the son, who was injured, might have killed the woman.

DEFENSE DAY HIT BY CHURCH

Methodist Conference At Ada Cheers Pastor's Address

MEMORIAL SERVICE HELD

Merger Discussion Booked for Thursday Session

ADA—(Special)—A ringing denunciation of defense day was sounded by Rev. Stephen K. Macdonald, of Toledo, in the opening address of the West Ohio conference of the Methodist church in session here Tuesday.

"For our nation to take account of its strength now will make the other nations suspicious," the pastor declared. "This is not the time for such a thing."

Twelve hundred pastors and laymen are attending the conference meetings.

On Wednesday morning memorial services were held, the memorial sermon being preached by the Rev. Cyrus M. Van Pelt of Cincinnati. Annual meetings of the Preacher's Relief society and the Returned Ministers' association and the anniversary meeting of deaconess work will be held on Wednesday afternoon.

WIVES SEEK DIVORCES FROM THEIR HUSBANDS

For 14 years Mrs. Jennie McDorman waited patiently for the return of Charles McDorman, to whom she was married in 1910.

Shortly after the wedding he went away and has never returned. Wednesday the lonely wife filed proceedings for divorce in common pleas court. She asks to be restored to her former name, Jennie Kramer.

Charges that she was abandoned by Ralph C. Roush, of 683 N. Union-st., were incorporated in a divorce petition filed in common pleas court Wednesday by Mrs. E. Roush, of 168 S. Pine-st.

The couple were married in 1913 and the date Roush is alleged to have gone away is Aug. 9. There are two children whose custody is sought by the mother. Hearing on a motion filed by the plaintiff seeking temporary alimony will be held following Judge Fred C. Becker's return.

FLIERS NEARING NOVA SCOTIA

(Continued from Page One)

mony was planned on the part of the municipal officials. Early in the day the town was filled with visitors from every part of the province of Nova Scotia and from as far to the west as Montreal and Ottawa. When word that the planes had taken off from Hawkes Bay was received, whistles were blown and bells were rung throughout Pictou.

Every road leading to the town was soon crowded with motor cars hastening to the harbor. Weather conditions along the course of the flight appeared to be improving hourly.

WORST STAGES BEHIND

HAWKES BAY, New Foundland—(By Associated Press)—Coming down out of the north, with the worst stages of their long journey behind them, the American army world fliers are planning to close their remaining gaps between them and "home" in quick order.

With good flying weather, Lieutenant Lowell Smith and his companions hope to get away today for Pictou Harbor, Nova Scotia, 420 miles to the southwest, and to continue on toward Boston tomorrow with a stop at St. John's, New Brunswick, for fuel. The distance from Pictou to St. John is roughly 200 miles and from St. John to Boston 320 miles.

At Pictou the aviators will be awaiting them Lieutenants Leach Wade and H. H. Ogden whose plane, the "Boston," was wrecked after a forced landing at sea between the Orkney Islands and Iceland. Wade and Ogden have been provided with another plane, christened the "Boston II," in which they hope to accompany their comrades to the Pacific coast, thus completing the first aerial journey around the world.

The latter part of the flight here from Ice Tickle, Labrador, yesterday was made under adverse conditions. Although the weather was fine at the start, the aviators encountered fog, intermittent rain squalls and a severe head wind which reduced their speed to such an extent that the destroyer McFarland, which they passed near Hawkes Island, Labrador, kept them in sight a full hour while steaming in their wake.

The flight required five hours, forty-five minutes, the start being made at 10 13 a. m., eastern standard time, and the landing at 3:58 p. m.

SAVES ROBBED

ST. MARYS—(Special)—Yeggs looted safes at the offices of the Macdonald Lumber Co. and the Refiners Oil Co., and obtained \$3 in cash at the former place. An unsuccessful attempt was made to break into the safe at the Detjen Grain Co.

GARFORD NAMES OFFICIAL

R. B. Heed Is Now In Charge of Sales

Appointment of Rushmore B. Heed as vice president of the Garford Motor Co. has been announced by the company. He will also be in charge of sales.

Heed is a well known figure in the motor truck industry, he having been recently connected with the Diamond T. Co. of Chicago. He and Mrs. Heed have already moved to Lima.

An aggressive sales campaign will be instituted at once and it is indicated by statements from R. M. Kincaid, vice

SHERIFF HANDS IN RESIGNATION

Stormy Term Ended by Franklin-Go Officer's Action

FACED MANY ACCUSATIONS

Tried Once on Charge of Accepting Bribe

COLUMBUS — (By Associated Press) — With slightly more than three months of his term remaining, Sheriff Frank Holycross last night announced his resignation to take effect October 1. His action was the culmination of a series of controversies which have been raging ever since he assumed office four years ago.

Elected on the Republican ticket by a big majority vote, Holycross soon became the center of heated encounters. Many charges were placed against him and he was once tried before a jury. Failing to agree, the jury was discharged and Holycross remained in office.

Other charges were filed with Governor Donahay and are still pending. It is thought that his resignation will cause the charges to be dropped. He was to have appeared before the governor for trial this month.

Indicted by the Franklin-go grand jury several months ago on charges of accepting a bribe, various agencies and organizations vied for his removal. It was one of these counts that the jury failed to agree.

Earlier in his term, other grand juries had investigated his conduct and returned no bills.

He was not a candidate for reelection at the recent primaries.

COLLIDGE MEN MAY RUN AS INDEPENDENTS

ESMARCH, N. D. — The state of the five Republican electors in North Dakota and the question of whether to place a state ticket in the field to oppose the Republican candidates nominated with the aid of the League backing, occupied the attention of the Republican and Democratic state central committees here today.

The President Collidge would be Republican endorsement in North Dakota this year, four of the five presidential electors are admitted supporters of Senator Robert M. La Follette.

Republican leaders planned to bring up today the question of having five avowed Collidge men run as independent electoral slate. La Follette supporters are also planning to place electors for their candidate on the North Dakota ballot.

JOY IS ACCIDENTALLY SHOT BY HIS BROTHER

ALLIANCE — Foster Johnson, 11, son of Ellsworth Johnson, Clark Electric Railway dispatcher, was fatally shot when his younger brother Wayne accidentally pulled the trigger of a .32 calibre revolver while the two were examining their home here late Tuesday afternoon. The wounded lad, struck in the forehead by the bullet, died in the operating table at the city hospital.

Mrs. Mary Malley, N. Elizabeth, returned home after an extended visit with relatives in Brooklyn, N. Y.

DAVIS TO SPEAK AT DES MOINES

Iowa Added to Nominee's Western Program

CHICAGO — (By Associated Press) — John W. Davis, Democratic presidential nominee, continued his conference here today with Democratic leaders of Illinois and Indiana, begun yesterday shortly after his arrival in Chicago, the first stop on the itinerary of his westward swing.

He plans to remain here three days before going to Omaha where he will deliver an address on agriculture next Saturday.

It was announced last night that the nominee would deliver an address at Des Moines on September 17. Previously, he had not planned to speak in Iowa. It has not been decided whether he will speak before a day or a night gathering at Des Moines.

It was also definitely announced last night that the nominee would swing thru Missouri on his way back to Chicago from Denver, Colo., where he is scheduled to speak next week. He will leave Denver September 11, after which date plans for the trip thru Missouri will be announced.

It was indicated by those in charge of his western campaign that Kansas City and St. Louis would be included in the nominee's western itinerary.

GERMAN FARMERS HAPPY OVER GOVERNMENT LOAN

BERLIN — There is rejoicing among the German farmers, not only because the summer crop prospects are excellent, but also to the fact that the government decided recently to advance 100,000,000 Rentenmarks to tide them over the harvest period.

The money is to be advanced by the Prussian State Bank at the rate of 13 percent a year, which is considered an exceedingly low interest just at this time. Bankers say the loan was granted on absolutely unimpeachable security and gives an idea of the business awaiting foreign investors in Germany as soon as the political future of the country shows some inkling of stability.

Fred Davis of Boston, Mass., is stopping at the Algonquin today.

TRIES TO PRESERVE LAST OF EUROPEAN BUFFALO

STOCKHOLM — An effort to rescue and revive the dying dynasty of "visents," or European buffaloes, said to be the rarest living mammals in the world today has just begun here in the opening of a 100-acre preserve where these animals will be allowed to live and breed under natural conditions.

Out of a total of only 56 "visents" in the world, seven are to be found in Sweden, and up to the present time this herd has been kept in the open-air museum of Stockholm. But the animals did not seem to thrive well in the restricted space. Information regarding the situation came to Consul-General Axel A. Johnson who immediately offered to set aside 100 acres of the wildest part of his estate in central Sweden as a preserve. The offer was accepted and now a bull "visent" and two females have been turned out into the kind of country over which their ancestors roamed thousands of years ago.

BOATS TRAFFIC COP

PAPEETE, Tahiti — Papeete has acquired its first traffic cop. The number of motor cars has increased so much during recent months that the high-ways of the town have become too congested for uncontrolled traffic. The rise in the price of vanilla has brought a great deal of money into the islands and nearly every native landowner is now possessed of some sort of motor car.

Is Your Back a Handicap?

Do You Suffer Constant Backache—Feel Old and Worn Out? Then Follow the Advice of These Lima Folks.

Is a bad back keeping you upset and miserable? Every day brings lameness, stiffness, and torturing twinges? Are you so tired nervous and dispirited it seems you can never be well again?

Sure, then, you should be finding out what is wrong!

More than likely it's your kidneys. Your kidneys you know, are constantly filtering impurities from the blood. But weak, sluggish kidneys slow up in their work, allowing poisons to accumulate until there's an upsetting of the whole system.

Then comes constant backache, sharp, stabbing pains, headaches, dizziness and annoying bladder irregularities. You feel tired, weak, nervous and depressed.

Don't let this unhappy condition go on! Help your sluggish kidneys with a stimulant diuretic. Use Doan's Pills. Doan's have helped thousands of Lima folks reconvert themselves. Ask your neighbor!

"Use Doan's" Say These Lima Folks:

J. H. HALTER steam fitter, 456 W. Haller St., says "My kidneys were out of order and my back became lame and ached so, it was hard to stoop. My kidneys acted irregularly, too. Doan's Pills, from Butler's Drug Store, however, soon relieved all the symptoms of kidney complaint."

Mrs. Kate Ayers, 660 N. Union-st., says: "I have used Doan's Pills at different times and have always found them a reliable remedy. I had attacks of backache and a run-down tired feeling, usually brought on by a cold setting on my kidneys. My kidneys acted irregularly so I used Doan's for these attacks. They soon brought relief, strengthening my kidneys and relieving the backache."

The Lima News

AND TIMES-DEMOCRAT

Published every afternoon in The Lima News Building, 121 E. High-st., Lima, O. Entered at the Lima, O. postoffice as second class mail matter.
EARL R. LEACH, Managing Editor. By Mail one year, \$6.00. City Carrier, 15c a week.

Speed Up Assessments

Lima is completing one of its biggest years from the standpoint of street paving. Hundreds of thousands of dollars worth of this work has been finished and is under way and a great deal was laid last season. In this respect, we are forging ahead rapidly and getting our thoroughfares in excellent condition.

While we are paving, we appear to be slow in getting assessments in readiness for payment by property owners. When a street is paved, special assessment notes for a term of two years are issued. In most cases they are allowed to run their full course. The property owner who might want to pay his assessment in full or in part is often held up and compelled to pay interest on notes issued to pay the contractor.

When the special notes are lifted, refunding bonds for a term of ten years are issued to allow for payment of the amount in that number of years, although a property owner may pay the full amount if he desires.

It would appear that it is as essential to get the assessments made and permit property owners to start reducing their obligations as it is to get the actual work done.

A little more speed in this matter would be appreciated by those who pay for the pavement. We have many streets that were laid last year on which property owners have not paid a nickel and it is altogether likely that some laid this year will not be assessed for a year to come, if not longer.

Death Of Laugh

A dreary future, in which no one will ever laugh, is predicted by Dr. Charles Gray Shaw, who teaches philosophy at New York University. Many signboards point that way.

People certainly do not laugh as much as they used to. Comedians in recent years have been complaining that audiences are becoming more solemn, with the "Dare you to make me smile" attitude.

This is due partly to the war, which took most of the joy out of life and shocked people into serious attitude. But, even more, it's a result of publicity. In former generations, jokes traveled slowly, were carried about by theatrical troupers and drummers. Today the new joke on Broadway is carried by newspapers, vaudeville and radio all over the country, and quickly.

Naturally, with such fast circulation, the life of a joke is shorter.

Then, too, humor has become a scientific business. Hundreds of clever comic artists and column conductors are on the alert for new "gags." The old ones have been classified, rehearsed, disguised, served time and again. Every one knows them—except the rising generation.

But scientific distribution of available humor is not what Shaw has in mind when he predicts a future without laughs. Primitive man, he says, didn't know enough to laugh, since wit involves a certain amount of intelligence.

The man of the future will know too much to laugh at anything. We laugh at what we do not understand, or at what seems inferior to us. In both cases, our pride induces us to assume an exalted position and haughty air. Men used to laugh at Columbus and Galileo. Now they try to joke about Einstein and Freud.

"On the social side we are prone to laugh at people who appear inferior or who are

forced to assume degrading positions. The prince laughs at the pauper. The city person snickers at the rustic. The native citizen smiles at the immigrant. But these are only the signs of incongruities, and inequalities which the future will remove."

Laughter, as Shaw views it, is a characteristic of man in his present stage of mental development. When men become more intelligent, he expects, they'll laugh less. How often do you see a scientist or high-brow laugh?

However, if the future has nothing in its existence to grin about, it can always look back and laugh at us.

Gold Spoons

Ninety-five out of every 100 children in American public schools will have to work with their hands for a living after they leave school and strike out for themselves.

So claims A. W. Frye, supreme commander of the Maccabees. His figures obviously are approximately correct.

Ninety-five percent will work with their hands. Yet about 95 per cent of the education is brain training rather than hand training. Providing gold spoons for eating mush.

The man who makes his living with his hands certainly needs all the brain training he can get. With his brain developed and alert, he will advance more quickly. It is brain power, not muscles, that makes an occasional iron puddler rise to be head of a big steel company. It was brain training that made Abe Lincoln the rail-splitter into President Lincoln.

Yes, the man who makes his living with his hands needs all the brain training he can get.

He needs it not in his work, but for individual improvement in spare time. With a trained brain he will not submit ignorantly to industrial slavery. And he will recognize the wisdom of giving his children "a better start in life."

Despite all this, our educational system spends too much time developing the brain and too little time training "the hands." Theoretically, the boy who gets his brain educated in school, will have plenty of time to learn how to make money with his hands after he leaves school.

But the seemingly perpetual tendency of educators at large is to cram brains with as much impractical knowledge as possible. By impractical knowledge, we mean knowledge that can never be converted into cash.

All this is idealistic, and we have to have idealism in life, but the world is very matter-of-fact, after all. Children would be a lot better off, for instance, if they got less history or botany and more of the fundamentals of economics—reasons why cost of living is so high and hard to meet—reasons why 95 per cent of children have to work with their hands after they leave school.

If we used more tin spoons instead of gold, there figuratively would be less mush and more ice cream to be eaten.

Practical training first; impractical knowledge second! At least, until we catch up with and solve some of the economic problems created by too much teaching of the useless.

A bee wrecked an auto in New Jersey, the moral being: Little things count.

Wives cost eight oxen in Zululand because they do the work of more.

LIMA NEWS HEALTH SERVICE

By DR. WILLIAM BRADY

WHETHER TO WEAN OR TO WORRY

A healthy boy who arrived here last Christmas now finds himself confronted by a fork in the road, a three lined fork, and he can't make up his mind whether to continue right on along the straight road with an exclusive diet of Dr. Nature's food, or to take the right turn which calls for a fifty fifty regimen, or the left turn which requires the boy to renounce and surrender his birthright and subsist wholly on artificial food. Very little inquiry among the neighbors and bystanders round about suffices to prove that he can get little reliable advice that way, for while some of the neighbors think it might be unwise to wean a feller until cold weather comes, "some says" they nurse theirs thru the second summer always—that is, if the babies survive so long. At this juncture Mrs. Salfrey Gamp very fittingly happens along and without waiting for an inquiry she opines I forget just what, but no matter except that it adds confusion to doubt. All together it's a tough proposition for a kid with only four or five teeth. And just milk teeth at that. Milk, however, builds the best teeth in the world. Milk, if it is fresh and pure, provides the necessary amount of the main substance for the building of strong teeth—calcium (lime). Pure raw milk also provides certain vitamins which are essential for the development of the teeth. Some babies are cheated out of these essentials, thru the ignorance of their guardians and the cupidity of commercial interests, and that's why some babies have poor teeth or delayed cutting of the teeth.

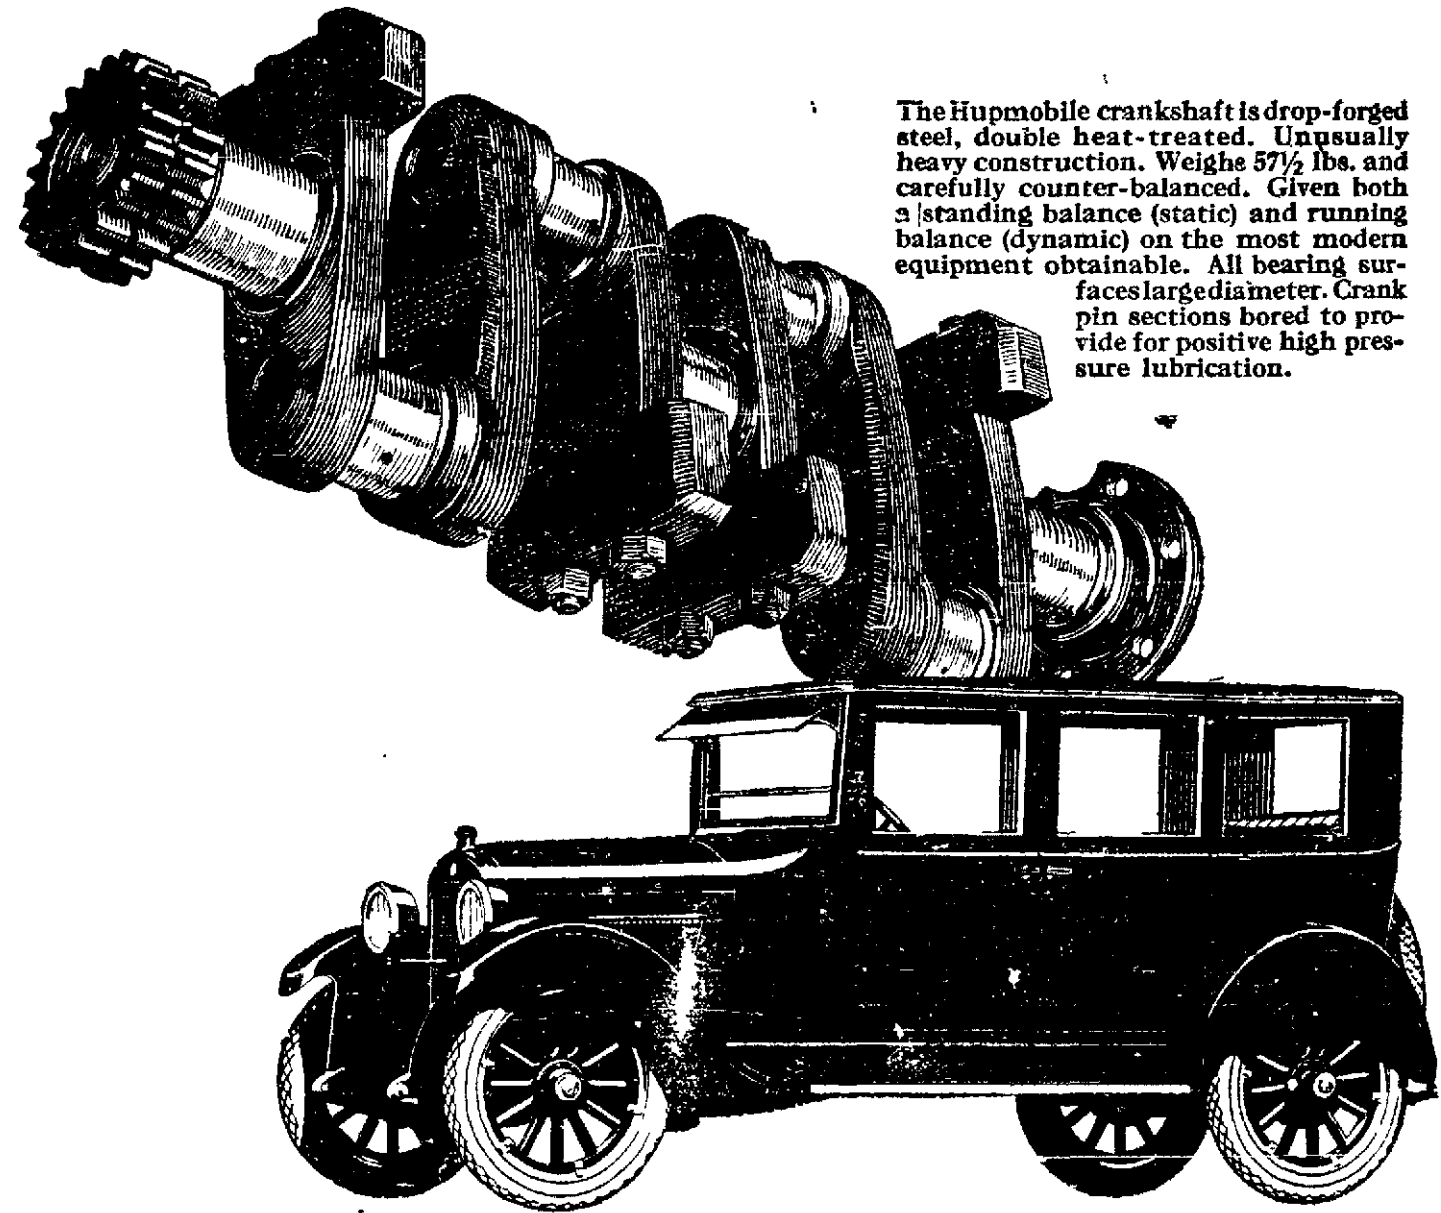

Whether to wean in the summer season used to be a serious problem in the old days, but it is no longer a problem except perhaps among the unfortunate victims of ignorance, poverty, alcoholism and crime. In the old days people did not understand the importance of keeping milk fresh in the hot weather and the babies succumbed in great numbers from cholera infantum, "milk intoxication," which rarely occurs when the milk is pure and properly cared for. If you can't afford to purchase clean pure milk for the baby, then you can at least afford pasteurized milk or you can pasteurize the ordinary milk yourself—pasteurization consists in heating the milk to a temperature of 145 degrees F. (measured with a thermometer in the milk), holding at that temperature 20 minutes, then cooling. This is pretty certain to kill off disease germs in the milk. It is only a compromise with questionable or dirty milk. Better still, if you can't afford pure fresh milk, is boiling for 5 minutes, which destroys any germs in

the milk and probably does not so greatly impair the vitamin content of milk as does pasteurization. Of course if you can have the purest fresh milk obtainable, which is called certified milk, the baby is in luck and certified milk requires neither boiling nor pasteurization.

When a breast fed baby reaches the age of 10 months he should

be weaned regardless of the season, and it is generally best to wean him quickly, say one less breast feeding each day for about a week, or each second day, using a certain amount of ruthless rule of thumb discipline, making the process complete in a week or 10 days at the longest, and thereafter practicing a rigid let alone policy aside from wearing a light, not tight supporting binder. Amateur mothers are entitled to this private tip. If you're trying to wean the baby always lock the door when you see Salfrey Gamp coming.

(Copyright, 1924)

The Hupmobile crankshaft is drop-forged steel, double heat-treated. Unusually heavy construction. Weighs 57½ lbs. and carefully counter-balanced. Given both a standing balance (static) and running balance (dynamic) on the most modern equipment obtainable. All bearing surfaces largest diameter. Crank pin sections bored to provide for positive high pressure lubrication.

Smashing the "Conspiracy of Silence"

Up to the time Hupmobile produced its Quality Proof, nearly all motor car salesmen worked on the theory that the less mechanical facts the prospect was burdened with, the easier the sale.

Now, however, Hupmobile has given the public valuable information about the way cars are built. We show you how a car can be cheapened in production—with

increased after-costs to the owner.

We also show you how the owner profits in low costs and long motor car life when the highest production standards are rigidly maintained as in the Hupmobile.

You can obtain this valuable information in 15 minutes study of our Quality Proof Display. Come in and see it.

These is a wonderful opportunity for someone to become the Hupmobile dealer in Lima. Mr. A. E. Wingert at the Argonne Hotel will gladly discuss the matter with prospective dealers.

ABE MARTIN

Next to 'cravin' o'er a bobbed head, the most futile thing we know of is quarrellin' with your wife. Some stranger asked Constable Plann what had become of the old Licklider family, and he said, "It all died at once a few Sundays ago."

early, and belowstairs to sliced peaches and scrambled hen fruit.

Then away afoot, down the avenue paves. The tang of autumn. And zephyrs redolent of fallen leaves. This being dough-bustling time, avoided the postie bumping into Dr. Homer C. Bunnett, very brave, accepting his billings with noble grace.

Fell in with Nathan Michael, who took just ten minutes to pay the Central Building, from Clem Thompson, the garage prince. Well, bright and early, here's Dr. Buchanan, the chief editor on the job. Saw John E. Collins, packing his kit and getting monies, yesterday. There's one thing you must hand it to the educators. They went thru with the program they promised the people. While Mayor Moyer slipped his toe, and General Byng still survives at city hall.

Bowed to Mel Allen, the famous drugologist, and to Homer Hughes, very proud over the success of the mardi gras. Which joy he shares with Mayor Brud and Frank Harman, the hospital locator.

The first shivers of the season, bring to the stores many young wives, who found their husbands in neutral, but keeping them in high. So, to the shoppe, and there hard at my stint, with little more to do. In the afternoon, with the fighting Irishman, to the pasture, and after our side took the first count, nine up, didn't he and his gang come thru with ten up, for the quarter.

Dined without Dee who is hordesmaiding in Detroit, betimes. So, with my wife, discussed the approaching coal and coke season, and the advantage of locking the shack, until Easter. Read awhile in the newest Vogue, but Harper's had a fortnight before tipped off the same dope. Every now and then you see long have on a woman. The secret is their strong minded husbands.

Opened up the radio season, with Dallas, Memphis and the Red Apple club, hearing little of import, howbeit. Think of it, folks and ladies, Main-st is paved, after many years of dreams. All we need now is a river, and the fertilizer plant completed. So, rather early, to bed.

PIMPLES

How to get rid of them.

WHY ENVY a clear, lovely complexion? Why wish and hope? It is within your reach. There is always one quick and sure way to make your complexion free from all eruptions, pimples, black heads, boils and that impure muddiness. That is by building up your red-blood-cells. S.S.S. will do it for you! Because S.S.S. builds the system and makes those so-called skin disorders impossible to exist. S.S.S. contains only pure vegetable medicinal ingredients. It is also a remarkable builder of firm flesh, which is also important to beauty. It will fill out your low cheeks, put the "rub" of health in your cheeks and the sparkle in your eyes. Since 1833 S.S.S. has been beautifying complexions and giving women physical charm. This is why S.S.S. is accepted as the greatest of all blood cleansers and body builders. Begin taking S.S.S. today and give yourself what you have been looking for, for years.

S. S. S. is sold at all drug stores in two sizes. The larger size is more economical.

Quilna—Wanderer of the Wasteland, with Jack Holt, Kathryn Williams, Noah Berry, Billie Dove, and the rest of the cast. A new production of the famous play, "Wanderer of the Wasteland," by Jack Holt, Kathryn Williams, Noah Berry, Billie Dove, and the rest of the cast. A new production of the famous play, "Wanderer of the Wasteland," by Jack Holt, Kathryn Williams, Noah Berry, Billie Dove, and the rest of the cast.

"A Trial Honeymoon"

Patrons of the theatre who complain that they seldom see a musical play that is different from the majority will see a show of the ordinary rut when "A Trial Honeymoon" appears at the Harriet opera house Friday night. The Joseph M. Galtes production of the Harold Orloff musical comedy has been playing at the Lyric theatre in Chicago through the summer season and from the reviews given it by critics in that city is much more youthful and attractive than the majority of musical attractions.

Gates was the producer of "A Trial Honeymoon" and it is being produced for New York presentation early in October. The original cast and the one which will open in New York is assured Lima audiences. Plenty of good clean fun as well as charming musical numbers are to be presented in the unfolding of the plot of the story. This plot concerns the girl, who is striving to keep from being married off to a wealthy man, and the man who is waiting for his invention to make him a millionaire.

Real sale for the production has been opened and a good demand for the first road show of the season is being seen. The Interstate Players, who have been seen here in "Polly Preferred," will close their engagement Wednesday night. This group has been presented in a very pleasing manner by an exceptionally well cast group of actors. The organization will return to Lima with an entirely new comedy later in the month.

Delphos Society

On Thursday afternoon, the members of the Fortnightly bridge club were entertained at the home of Mrs. S. W. Kartzengraber.

Members of the Home Missionary society of the Methodist church will hold a meeting in the church parlors Wednesday at 2:30 p. m.

Members of the ladies of the Methodist church will hold a church social on Thursday night. All members of the church are invited. After a short business meeting, refreshments were served.

Miss Florence Richer will be the guest of the members of the M. E. church at the home of Mrs. L. E. Pitts Tuesday evening.

Members of the Ladies Branch of the Y. M. C. A. of America will hold a social on Thursday of this week at the home of Mrs. L. E. Pitts. Refreshments will be served.

3 TRAINMEN HURT IN WRECK

Clover Leaf Engine Derailed; Engineer Trapped

DELPHOS — Gregory Hiett, engineer, 304 E. Fifth-st., employee of the Clover Leaf Railroad, was seriously injured when his engine derailed and overturned one mile northeast of Marion, Ind., about 6 p. m. Tuesday, and wrecked five cars.

Latest word received here stated that Hiett, who was immediately removed to the Marion hospital, was not unconscious, and it was thought that he would recover from cuts and bruises about the head and face. He also sustained a broken right ankle and other cuts on the lower limb. That there may be internal injuries is feared by attending physicians.

Alva Campbell, 704 N. Moenig-st., Delphos, brakeman, and Frank Beabout, fireman, of Frankfort, Ind., escaped with minor bruises and cuts about the lower limbs. Investigation failed to reveal the cause of the wreck according to yard official A. H. Hiett, who said that the train was cleared away from the wreck until Wednesday noon. The train was No. 48 out of Frankfort.

Miss Ruth Seymour, Y. W. C. A. general secretary, will return Thursday morning from a month's vacation, spent with relatives in Iowa.

BOY INJURED WHILE AT PLAY; HEAD HITS PUMP

OTTAWA — Charles Wells, 13 son of Mr. and Mrs. Clark Wells, sustained severe injuries when he fell while at play at school Tuesday.

In attempting to run away from his playmates, he tripped and fell upon the pavement, his head striking an iron pump in the school yard. He was unconscious for some time following the accident.

His condition was somewhat improved Wednesday, according to word from the boy's home.

FEDERAL CERTIFICATES AWARDED STOCK RAISERS

OTTAWA — Thirteen Putnam-co farmers, in reward for the interest and participation they had taken in livestock improvement work, have been given certificates from the United States Department of Agriculture and the Ohio State College of Agriculture at Columbus.

Those to whom certificates have been granted are Orval Benfroth and Milton Auchter, both of Columbus Grove, Martin Stemen, of Delphos, who resides in Putnam-co, William Reese, of Vaughnsville, Leonard Davis, of Delphos, county resident, J. H. Miller, C. K. Griffith, John Anderson, W. E. Jones and J. J. Miller, all of Columbus Grove, and J. C. Risher, Crosby Williams and T. R. Cason of Vaughnsville.

MARRIAGE LICENSES

R. E. Hall, 21, shoe repairer, and Helen G. Stevens, 18, of 1006 E. Eureka-st., George W. Lehman, 24, cigar-maker, 115 W. Elm-st., and Isabel Luella Noss, 25, clerk, 118 S. Central-av. Homer Meir Hipp, 23, fireman, Dayton, and Inez Margaret Lule, 19, practical nurse, Delphos. Gale W. Strayer, 27, Amanda-tp, and Olaf Florence Boyer, 25, nurse, Amanda-tp. Joe Bilapovich, 28, steel chopper, 1225 S. Union-st., and Frances Marie Jaqueline, 20, cigar maker, 135 E. Fourth-st. William Noah Jordan, 26, bank teller, 630 W. North-st., and Lois Benetta Sutton, 20, 609 W. North-st.

NEED AID CHILDREN

OTTAWA — John T. Thomas, proprietor of a hatchery at Columbus Grove, must pay \$23 a month for support of his two children from now until January without fail according to a ruling of Judge D. R. Eastman made Wednesday following the arraignment of Thomas Wednesday morning in court.

WHEAT SOWING DELAY IS SOUGHT BY FARM AGENTS; HESSIAN FLY DATES SET

OTTAWA — The Farm bureau office has just received definite word that Hessian Fly-free date for Putnam-co is September 25. J. W. Henceroth, county agricultural extension agent, is urging upon farmers to postpone the sowing of wheat until after that time.

"The Hessian fly is increasing and no wheat should be sown before that date," said Henceroth. "To procure the best yields sown at once after that date. A high-grade complete fertilizer or straight acid phosphate should be used at the rate of 200 to 300 pounds to the acre," concluded Henceroth.

Henceroth enumerated various instances in which farmers in Putnam-co unmindful of the fly-free date, had sowed the wheat to get the work out of the way. When compared with results by a nearby farmer, it could be seen what it meant to ignore this truth, he repeated. Henceroth is of the opinion but few Putnam-co farmers will take a chance on sowing this year before the fly-free date.

Henceroth also sounded a note of warning to farmers, in the same bulletin, calling attention to smut which is more than common this year and urging upon farmers necessity for treating seed wheat before sowing. He also emphasized the necessity for sowing a good variety of seed wheat.

Miss Ruth Seymour, Y. W. C. A. general secretary, will return Thursday morning from a month's vacation, spent with relatives in Iowa.

MAXWELL HOUSE COFFEE

Good to the last drop. The fact that Maxwell House is now the largest selling high-grade coffee in the United States has imposed an obligation upon its makers. You can buy the blue tin with renewed assurance that it will redeem the promise "Good to the Last Drop."

NO. 96 NEXT WEDNESDAY

Home Treatment of Children Dangerous

An eminent physician states that the greatest emphasis in medical science during recent years has been on correct diagnosis—a thing which is often impossible as attempted by parents when children are ill.

He stresses the fact that all of the infectious diseases of childhood begin in coughing, sneezing, a little fever and an upset stomach.

Would you attempt to treat your child who exhibited such symptoms which might indicate diphtheria, measles or meningitis?

There's a vast difference in the treatment for each—and only your doctor can say definitely what should be done.

Don't waste time trying home remedies, for time may be the deciding factor between life and death.

Always call the doctor at the first indication of trouble. Let us fill your prescriptions.

"Guard the child's teeth"

Those tiny teeth are a priceless gift—guard them well!

WRIGLEY'S is a wonderful help to keep teeth clean and sound, for it clears out the crevices, makes the mouth sweet and removes acid conditions from which most people suffer.

A prominent physician says: "It is surprising how free from decay the teeth can be kept by using gum after each meal."

WRIGLEY'S is good, not only for the teeth, but for the nerves and appetite and digestion, too.

The whole family should use

WRIGLEY'S

-after every meal
